

We Are Diverse.

What is Enough Diversity?

What is meant by diversity? Racial diversity? Gender diversity? Socio-economic diversity? Cultural diversity? Personality diversity? Grade diversity? Expertise diversity? Political diversity? How do you measure diversity? Quantitative? Qualitative? Can diversity be measured objectively? From who's perspective is diversity concerned? The President of IU? Dean of Informatics? Director of HCID? Professors? Students? When do we stop concerning ourselves with diversity? Does worrying about diversity make it matter more? What happens when we stop worrying about diversity?
